WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Medford Weather:

A relatively weak cold front moves onshore this morning. As the cold front dissipates over the region a warm front brings a broad swath of precipitation Wednesday morning moving through Northern California Wednesday afternoon. This front is showing on the top end of the atmospheric river percentages and heavy precipitation is also supported by strong and broad upper divergence. This very strong warm conveyor flow will keep snow levels well above the passes during the bulk of the heavy precipitation. The front slowly moves through Northern California through Friday afternoon. The next system moves in Thursday night

Eureka Weather:

A weak warm front will bring some light rain mainly this afternoon and tonight. Heavier rain is expected Wednesday night and Thursday with additional systems into the weekend.

Reno Weather:

Slick, icy roads along with areas of freezing fog are possible early this morning. A weak disturbance may bring light snow and rain Tuesday night and early Wednesday. Additional storm systems will bring gusty winds at times, with periods of rain and snow later this week through early next week.

Sacramento Weather:

A break in the wet weather for most of Northern California today and Wednesday, then wet weather returns late week and into the weekend.

San Francisco Weather:

Light rain is likely from this evening into Wednesday especially for the North Bay. More significant rainfall is then expected during the second half of the week with precipitation starting in the North Bay Thursday and the rest of the area by Friday. More rain is expected over the upcoming weekend.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Hanford Weather:

Dry weather is forecast over central California Tuesday through Thursday before unsettled weather returns late in the week.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Fair skies and warmer conditions are expected through Thursday before another low pressure system brings a shot of rain and mountain snow later this week.

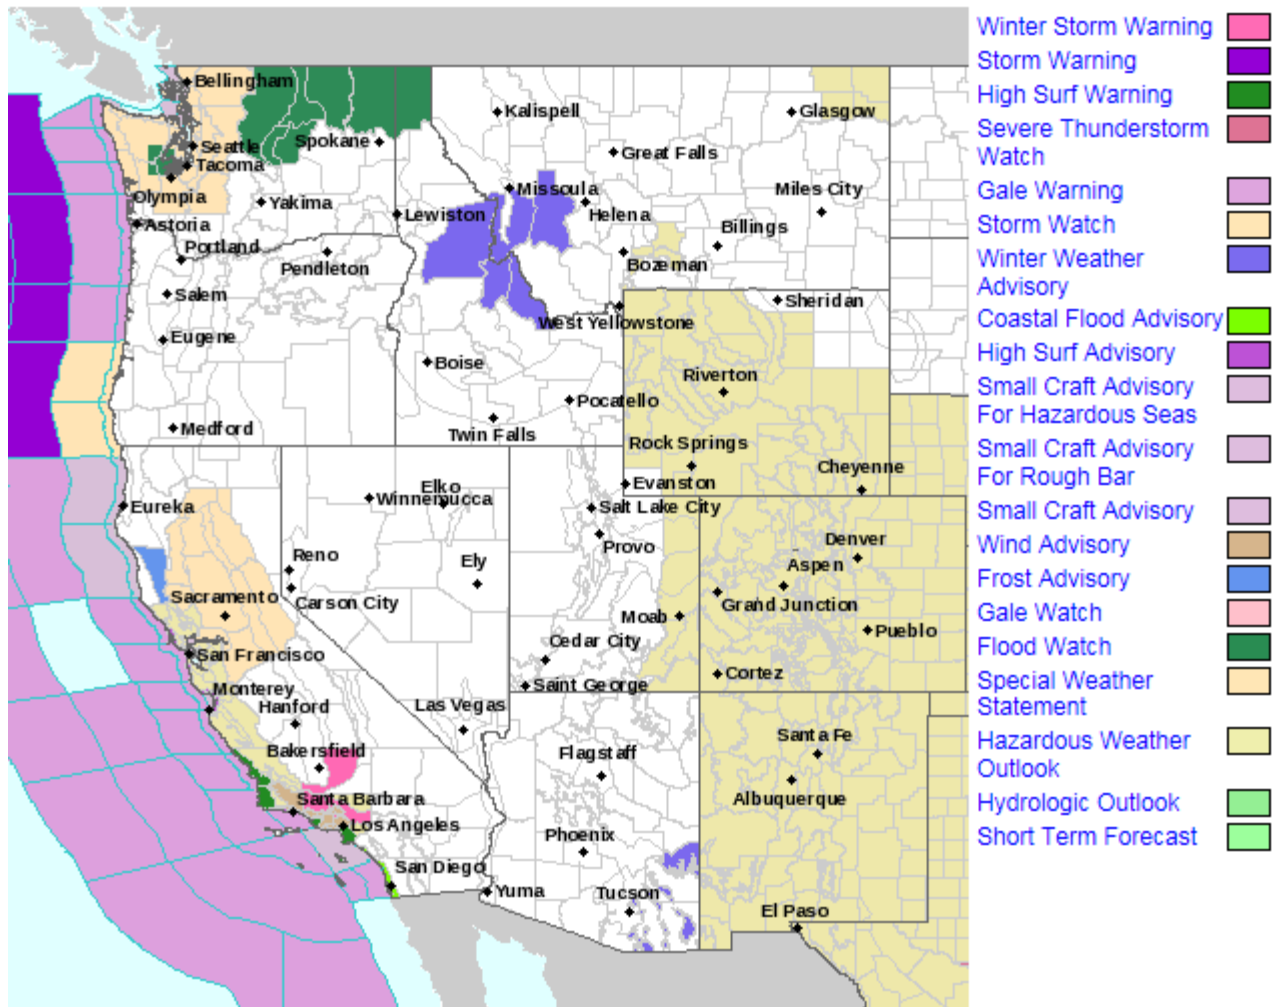

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Showers and isolated thunderstorms will be winding down overnight with fair dry and warmer weather Tuesday through Thursday under a high pressure ridge aloft. Gusty Northerly winds are expected Tuesday morning along coastal mountain slopes in San Bernardino and Riverside County mountains. Precipitation looks to return Friday night and early Saturday with another chance early next week at the coast high surf will continue through Tuesday.

Southeast California Weather:

Breezy to windy conditions can be expected today over Southeast California and Southwest Arizona. Temperatures there will also be much warmer only slight warming elsewhere. Temperatures climb well above normal by Thursday. A passing weather system will bring some cooling and breeziness at the end of this week.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

Closed Cal OES Missions

- **2016-LAW- 21840, 3/6/2016, 1511 hours** - Mendocino County Sheriffs Office (MCSO) requested mutual aid for a search involving one male subject reported missing on Friday 3/4/2016. A second individual with this party stated they hiked into the forest on a trail that evening during the storm and became separated. MP is not equipped or properly clothed for the weather they are encountering. MCSO has requested 50 Type II ground searchers, 4 Area & 4 Trailing K9s and helicopter support for this mission. LDO secured a CNG helicopter and K9 Coordinator Dr. Ho secured the requested K9s. Contra Costa, Lake, Humboldt, Sonoma & Solano are providing Type II / I ground searchers for todays search efforts. CNG will be on scene at 1200 hours. **Update: 3/8/2106 Hours** - [MP was located deceased within the search area. All resources have been released.](#) **Mission Closed Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
